Expansion joint questionnaire

Company adress		Telephone		
		Telefax		
Person in charge		Departement	Date	
Enquiry / Order-No.		Project		
Delivery date				
Design criteria	Plant:	new plant	existing plant	
	Country of install.	inside of a building	outside of a building	
	Ambient temperature [°C]	Direction / Installation of Pipe / duct	horizontal	
	Other effects		vertical diagonal	
	Medium (short description)	Medium condition		
		dry	damp [%]	
	Temperature of medium	Duration	Peak	
	Design temperature [°C]			
	Excess pressure [mbar]	Duration	Peak	
	Under pressure [mbar]	Duration	Peak	
	Design pressure [mbar]			
	Flow velocity [m/sec]		Volumetric flowrate [m³/h]	
	Direction of flow		up	down diagonal [angle]
	solids content	no	yes	species
		Content [mg/Nm³]		Grain size [mm]
	Undercut of Dew point	no	yes	x day month
Specified tightness	no	yes , according to:		
Axial Compression	[mm]	Axial Elongation	[mm]	
Lateral Offset X	[mm]	Lateral Offset Y		
Vibration	[Hz]	Angular movement	[°]	
Amplitude	[mm]	Torsion
